Based on the Reward Video team feature summary, 1xReward website, and Google Play listing. Ad availability, eligibility, and current programme terms apply.

01 / GET STARTED

Your first steps to earning.

1. Download Reward Video

Open the Google Play link in this guide. Check the app name is Reward Video and the developer is 1xReward Platform, then install it on your compatible Android device.

2. Set up your account

Follow the registration or sign-in instructions in the app. Your account helps you track your activity, coins, and available rewards. Review the account and activity terms before starting.

3. Choose how you want to earn

Open Watch Video for ad-video earnings, or explore Perform Task and Social Task for instant coins from qualifying completed tasks. Follow the instructions shown for each activity.

4. Keep your rewards growing

Return for daily rewards, invite friends through Refer & Earn, and follow your coin balance. Explore the thousands of rewards across the Reward Video earning experience.

Device requirements

The Google Play listing reviewed September 19, 2026 specifies Android 7.0 and up. Google Play shows current compatibility for your device. The download linked here is for Android.

02 / AD VIDEOS & TASKS

Watch. Complete. Collect.

Unlimited ad videos

Watch ad videos at your own pace and earn coins. Keep watching while ads are available.

Unlimited coin earning

There is no fixed earning ceiling promoted for ad-video watching. Each reward follows the current activity terms.

Instant task coins

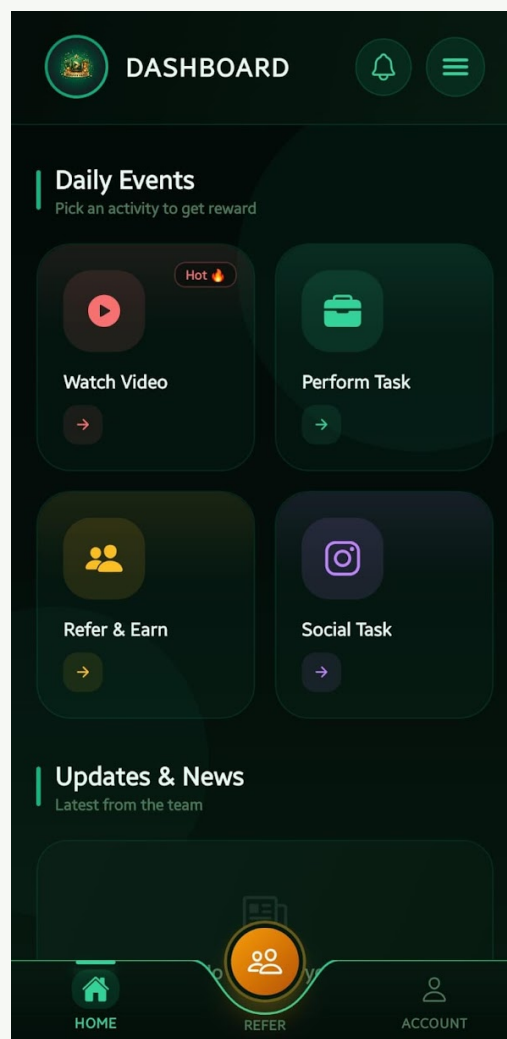

Complete qualifying tasks and get coins instantly when their completion requirements are met.

Social activities

Explore Social Task in the dashboard and follow the instructions for each available activity.

Your account

Track your coin balance and activity. Check the reward options shown to your account.

Before you start: ad supply, region, account eligibility, and activity terms can affect availability and rewards. Website advertisements are separate from in-app videos and do not award app coins.

03 / DAILY REWARDS & REFERRALS

More ways to grow your rewards.

A daily reason to return

Open Reward Video each day and check the daily reward system. Collect the rewards available to your account and follow any claiming requirements displayed in the app.

Thousands of rewards to explore

Build your coins through ad videos, tasks, daily rewards, and referrals. Use your account to see which reward options are currently available and what each one requires.

Refer friends. Earn 2x to 100x more.

The referral programme offers the opportunity to earn 2x to 100x more. Open Refer & Earn, follow the sharing instructions, and build your network through qualifying referrals.

How referral earnings work

Your referral results depend on qualifying activity, eligibility, and programme terms. A specific multiplier is not guaranteed. Review the current conditions in Refer & Earn before inviting friends.

Turn coins into real rewards

Check the redemption area of your account for current reward options, coin conversion values, payment methods, minimum amounts, and processing times. Follow the instructions for your chosen reward.

04 / COMMUNITY & COMING SOON

Be first to hear what is next.

Join the Telegram community

Connect with the 1xReward community for the latest Reward Video updates, new reward opportunities, and announcements about upcoming features.

Online games: coming soon

We are bringing online games to Reward Video. The planned feature will let you earn instant coins directly in your account while playing video games, adding another way to get rewarded.

Follow the launch

Games are not live yet, and no launch date is announced in this guide. Join Telegram for game launch news and upcoming earning opportunities.

App news and account support

Telegram keeps you informed about announcements and opportunities. For help with an individual account, missing coins, or an activity issue, use App support on the Google Play listing.

Your next opportunity starts with staying connected.

Watch for official updates, check the app for current terms, and never share passwords or verification codes.

05 / YOUR APP COMPANION

Help, answers & useful links.

An ad video will not load

Check your internet connection, update the app through Google Play, and reopen it. Ad availability can vary. If the issue continues, contact the developer through App support.

Coins or a reward are missing

Review the activity requirements and account history first. Contact the developer if you still need help. This website and PDF cannot access or change your app balance.

Privacy and account safety

Read the current Data safety disclosures and privacy policy from the Google Play listing. Do not share your password or verification codes with anyone.
